5. Leave Accrual & Allocation Rules

- During Probation:
  - No leave is allocated.
  - Any leave taken enters a negative balance.
  - Salary deduction or adjustment will apply, either during quarterly payroll cycles or at final settlement, assessed based on:
    - Leave reason (e.g., medical, educational)
    - Recent work performance or approved overtime.
  - These negative balances and corresponding deductions will be clearly communicated to the employee during monthly payslip reviews.

- After Confirmation (Permanent Employees):
  - *Earned Paid Leave (EPL)* accrues at 1 day per 15 working days after the confirmation date.
  - *Sick/Emergency Leave (SEL)* is allocated at 0.75 per month from the confirmation date, up to a max of 9/year.
    - *For example: confirmed in March → 10 months left = 7.5 SEL (rounded to 8).*
  - ***Sick Planned Leave (SPL)** is allocated only to permanent employees for planned medical or surgical procedures and is availed at **50% pay**. SPL will be deducted only **after available EPL is exhausted**. Once both EPL and SPL are exhausted, any additional leave will be treated as unpaid leave.*

- Carry Forward & Encashment:
  - Unused EPL can be carried forward to the next year (up to 45 days).
  - No encashment of leave during service; only valid carry-forwards can be encashed at final settlement.
  - SEL/SPL do not carry forward; they reset annually on Jan 1.

- Sick/Emergency Leave:
  - No carry forward; resets every year on Jan 1.
  - Medical Certificate mandatory for leaves > 2 consecutive days.

- Sick Planned Leave:
  - Must be supported by a **medical certificate and formal planning with HR**.
  - To be applied for **at least 15 working days in advance**, except in exceptional cases at management discretion.
  - **Leave deduction order:** EPL → SPL (at 50% pay) → unpaid leave.
